

EXPLANATION OF PERFORMANCE RATING

The Texas Academic Performance Report shows our rating with the state, which is *Improvement Required*, along with our state assessment scores for the 2015 - 2016 school year. Our rating of *Improvement Required* comes from the school's performance on four indexes used by the state to measure each school. These are; Student Achievement, Student Progress, Closing Performance Gaps and Postsecondary Readiness.

Each school must meet targets on three indices: either Index 1 **or** Index 2 **and** Index 3 **and** Index 4. High Point Academy met standard and **exceeded the target score on Index 1 (Student Achievement)** by 6 points. On Index 2 (Student Progress) we fell below the target score. Our score on Index 3 (Closing Performance Gaps) was 3 points below the target score, which pushed our designation to *Improvement Required*, even though **we scored very well on Index 4 (Postsecondary Readiness)** and surpassed the target score by 16 points.

On December 8, 2016 a public hearing was held at 6:30 pm at the school for the purpose of discussing of our annual report and rating on the statewide STAAR assessments.

Our second year has come with joyous growth and opportunities to refine our processes from our first year. We were able to get our first round of diagnostic testing done much more quickly and ramp up our tutoring program to a point greater than during our first year.

We are working hard to make sure your children are enjoying their school experience and getting the knowledge that they need to be successful. It is such a joy to have your children with us each school day.
