COMING SOON! HPA LIBRARY

Our fabulous fourth-graders are working on their next project-based learning assignment — building a library for HPA! They are currently accepting new and gently used books. Just send them in with your student(s) to give to their homeroom teachers. The class that donates the most books will win an ice cream sundae party for their class! The contest ends on May 27th. Thank you for helping Fourth Grade build better minds and a better school!
